

Review Bima Mobile Apps

Bima Mobile is the official mobile banking application developed by the Central Java Regional Development Bank (BankJateng). This application allows BankJateng customers to carry out various banking transactions via smartphone, such as checking balances, transferring funds, paying bills, purchasing and paying via QRIS.

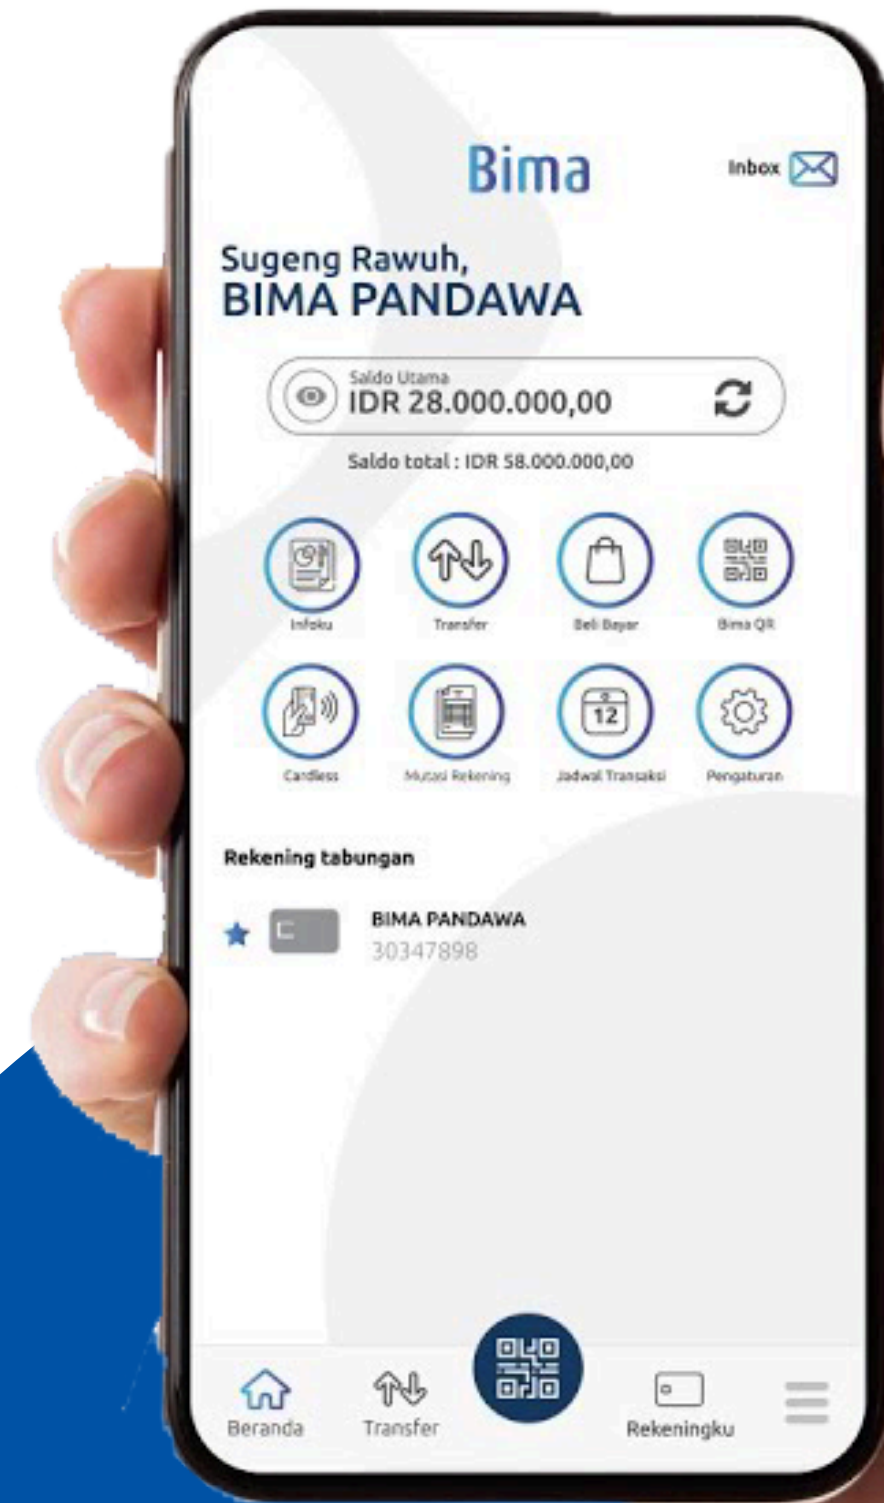

Bima Mobile adalah aplikasi mobile banking resmi yang dikembangkan oleh Bank Pembangunan Daerah Jawa Tengah (BankJateng). Aplikasi ini memungkinkan nasabah BankJateng melakukan berbagai transaksi perbankan lewat smartphone, seperti cek saldo, transfer dana, pembayaran tagihan, pembelian, dan pembayaran melalui QRIS.

Bima Mobile's **Advantages**

Keunggulan BIMA Mobile App

- Simple design and easy to understand for lay users.
 - Clear and responsive menu navigation.
 - Basic features such as transfers, account mutations and payments run stably.
 - Supports cardless and QRIS services.
 - The use of local language such as 'Sugeng rawuh' gives a personal impression.
-
- Desain sederhana dan mudah dipahami oleh pengguna awam.
 - Navigasi menu yang jelas dan responsif.
 - Fitur dasar seperti transfer, mutasi rekening, dan pembayaran berjalan stabil.
 - Mendukung layanan cardless dan QRIS.
 - Penggunaan bahasa lokal seperti 'Sugeng rawuh' memberi kesan personal.

Pain Point Bima Mobile

01

The user interface needs to be updated to make it more modern and appealing.

Tampilan antarmuka perlu diperbarui agar lebih modern dan menarik.

03

the warning messages are not clear enough.

Warning pop-up kurang jelas

02

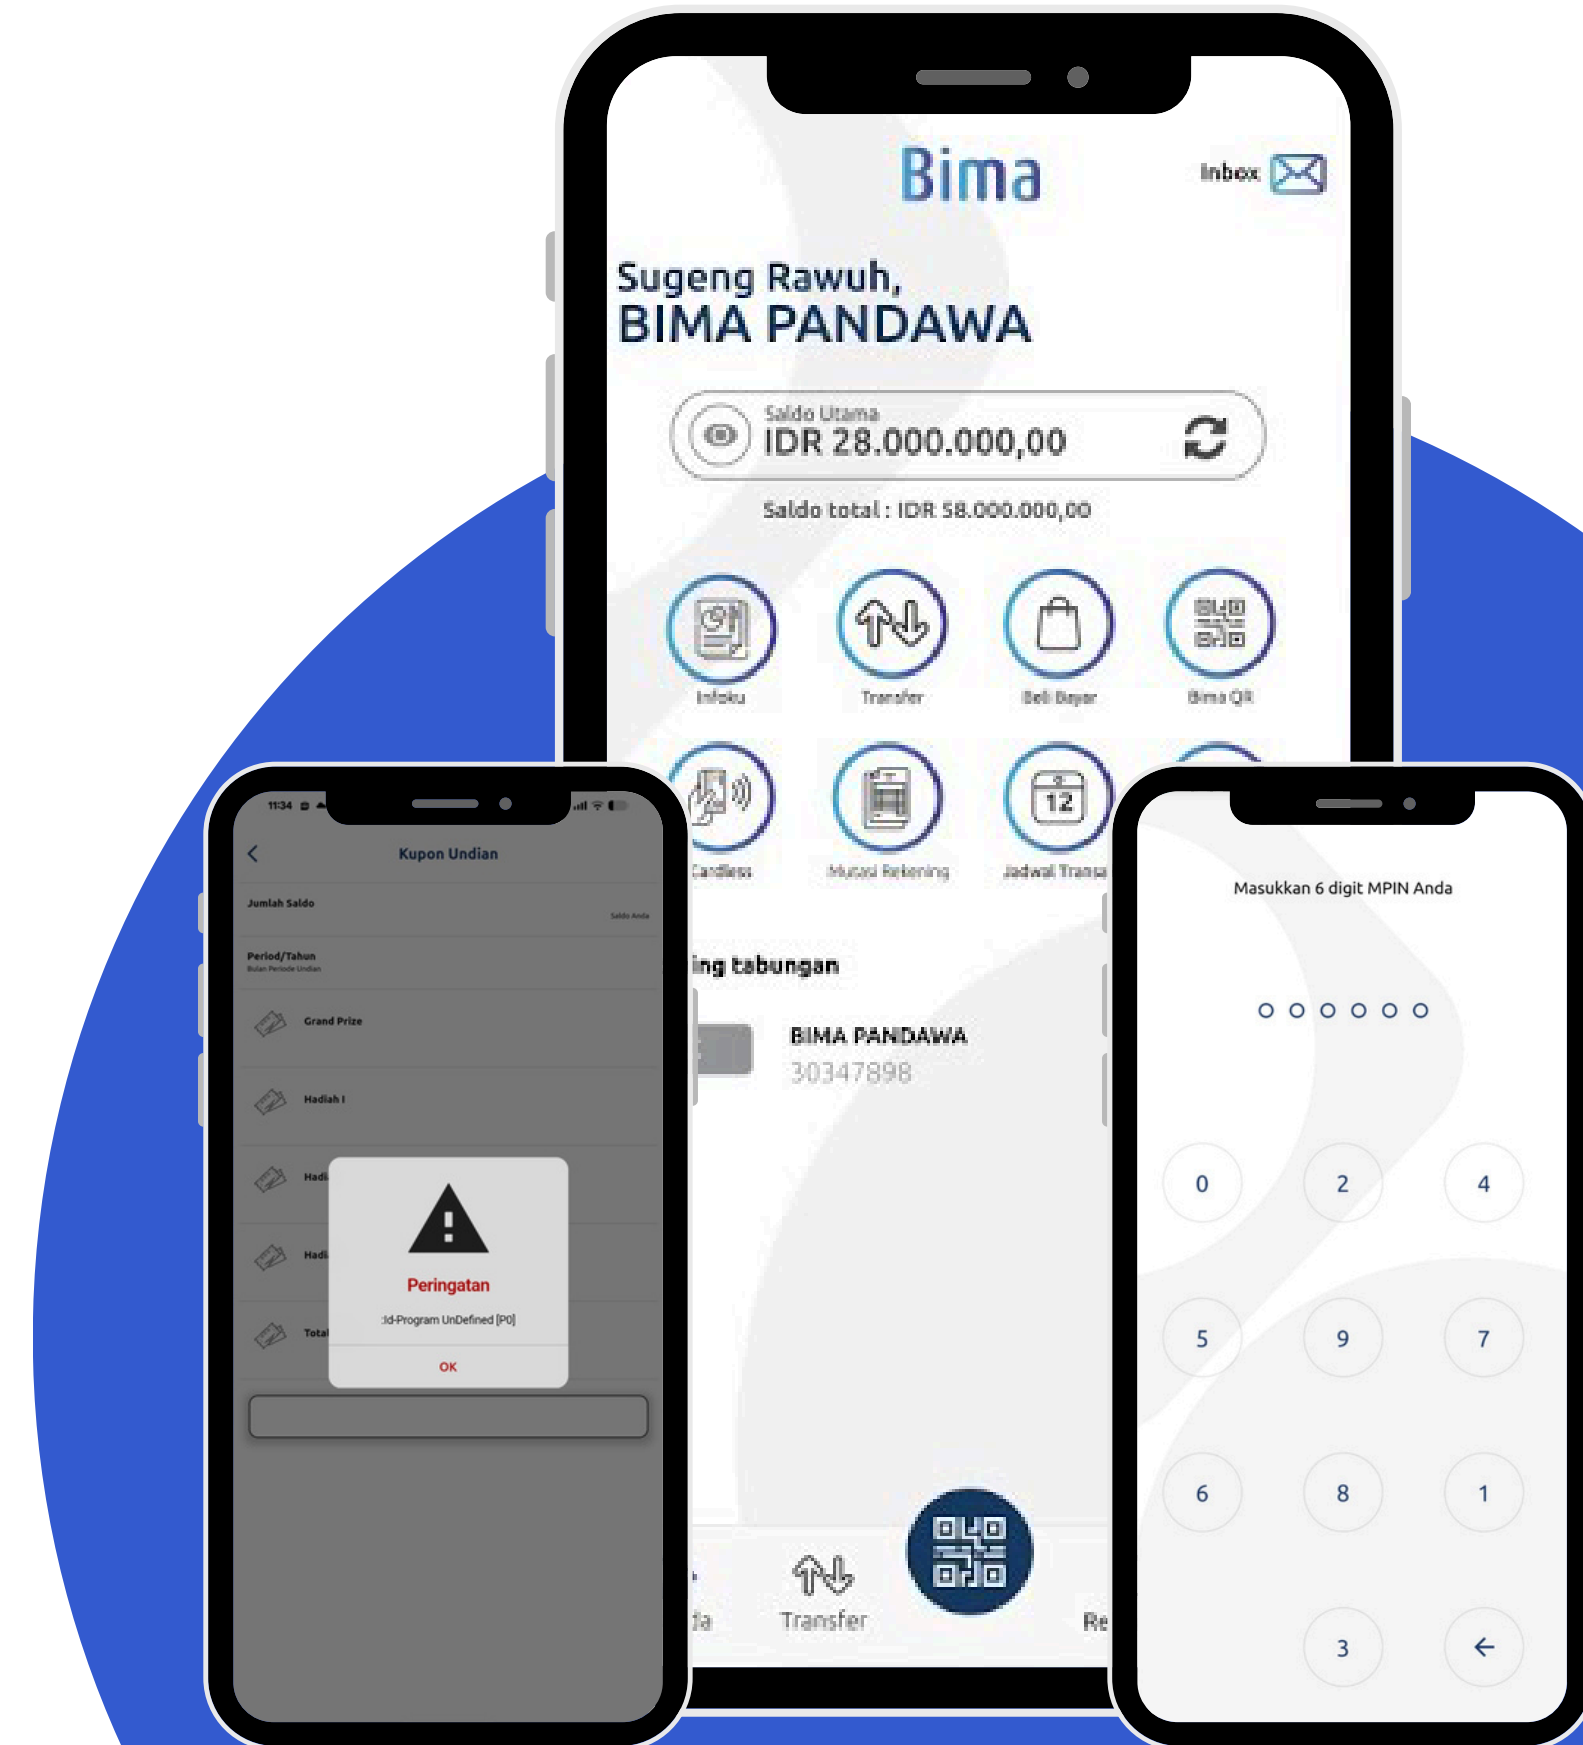

There is no space for promotions (upselling/cross-selling) on the main page.

Tidak ada ruang untuk promosi (upselling/cross selling) di halaman utama.

04

The dynamic password number pattern is difficult

Pola angka password dinamis menyulitkan

Competitor Review

01

Byond by BSI and Livin' by Mandiri feature modern user interfaces designed to enhance transaction convenience and support the promotion of banking products.

Byond by BSI dan Livin' by Mandiri menggunakan antarmuka modern, fokus pada kemudahan transaksi dan promosi produk bank.

02

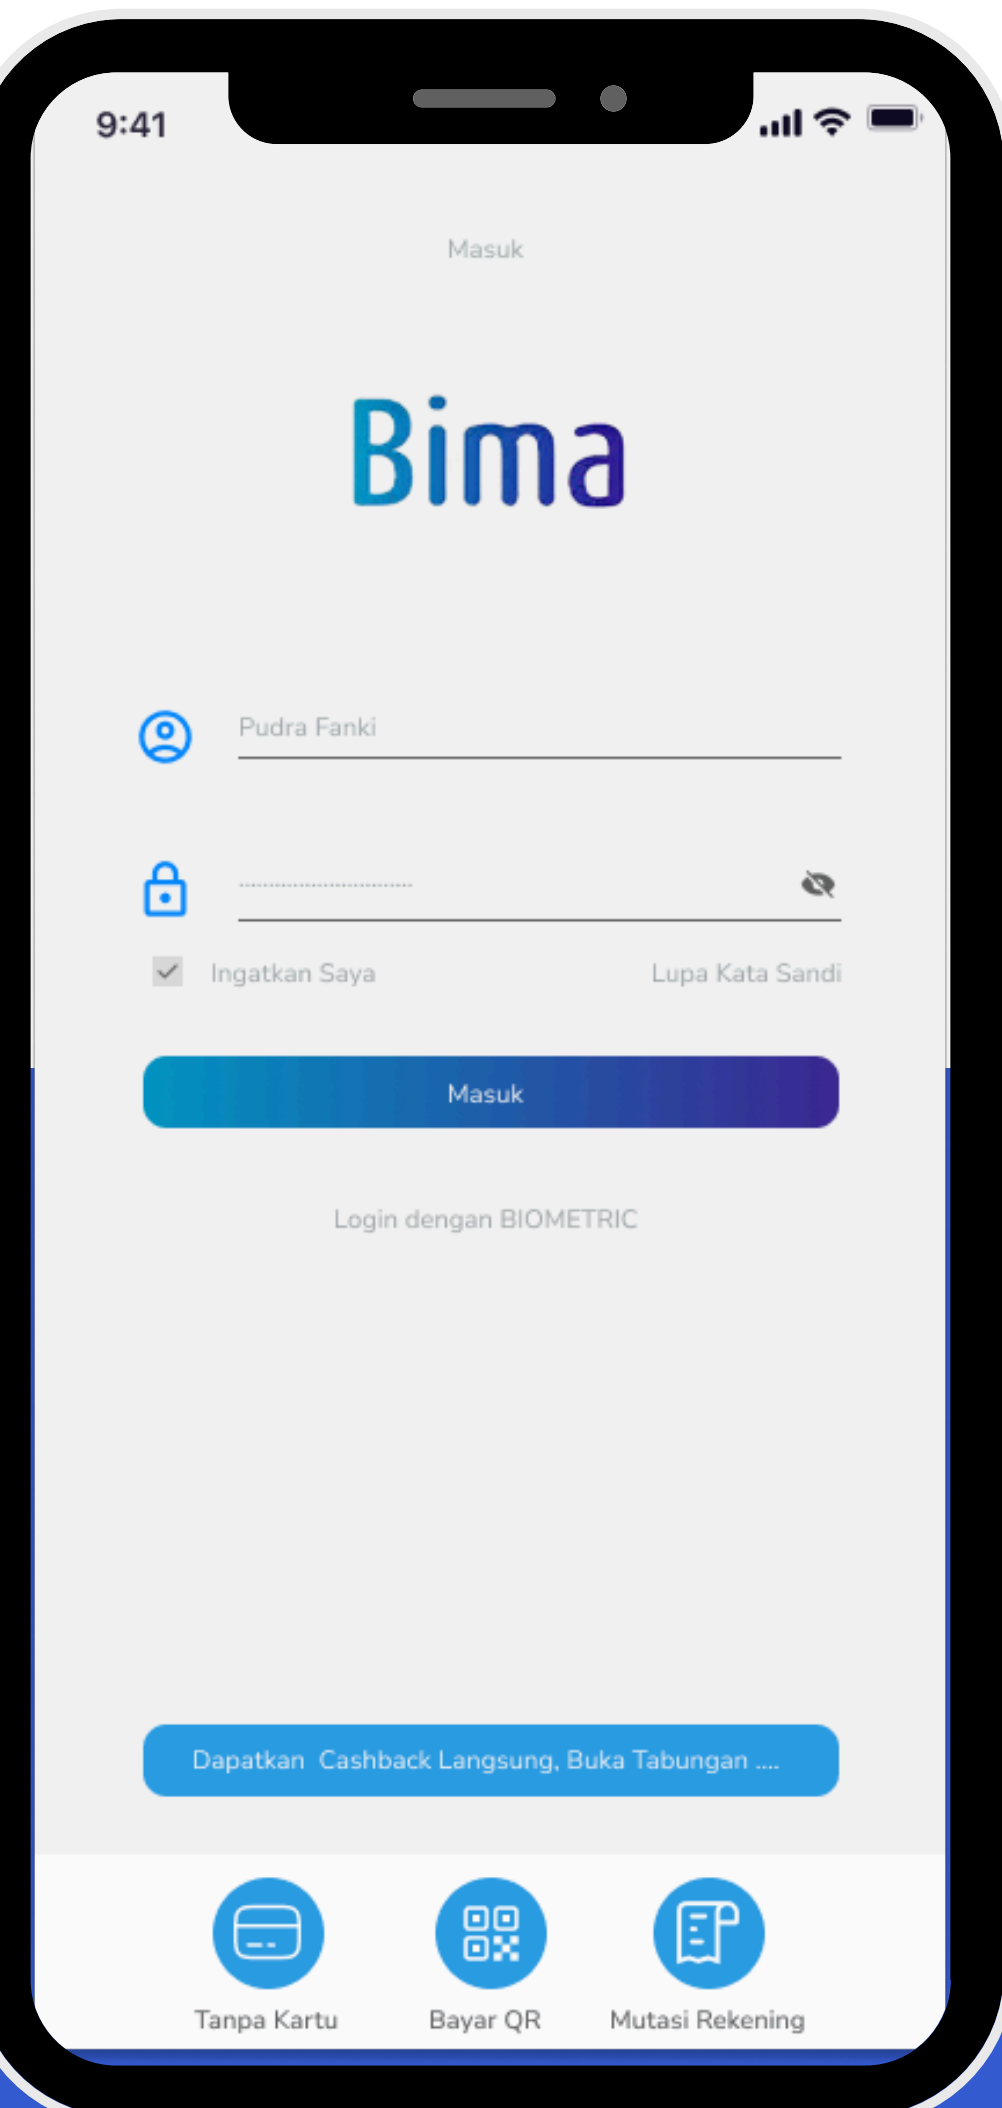

BIMA Mobile has using culturally familiar greetings (Sugeng Rawuh) but, BIMA Mobile should improve crafting warning messages that are easy for users to understand.

BIMA Mobile telah menggunakan sapaan akrab budaya (Sugeng Rawuh), namun BIMA Mobile harus meningkatkan kemampuan dalam menyusun pesan peringatan yang mudah dipahami oleh pengguna.

Bima Mobile has the opportunity to enhance its UI/UX by learning from competitors' more dynamic and engaging designs.

Bima Mobile dapat mengambil inspirasi dari UI/UX kompetitor yang lebih dinamis dan engaging

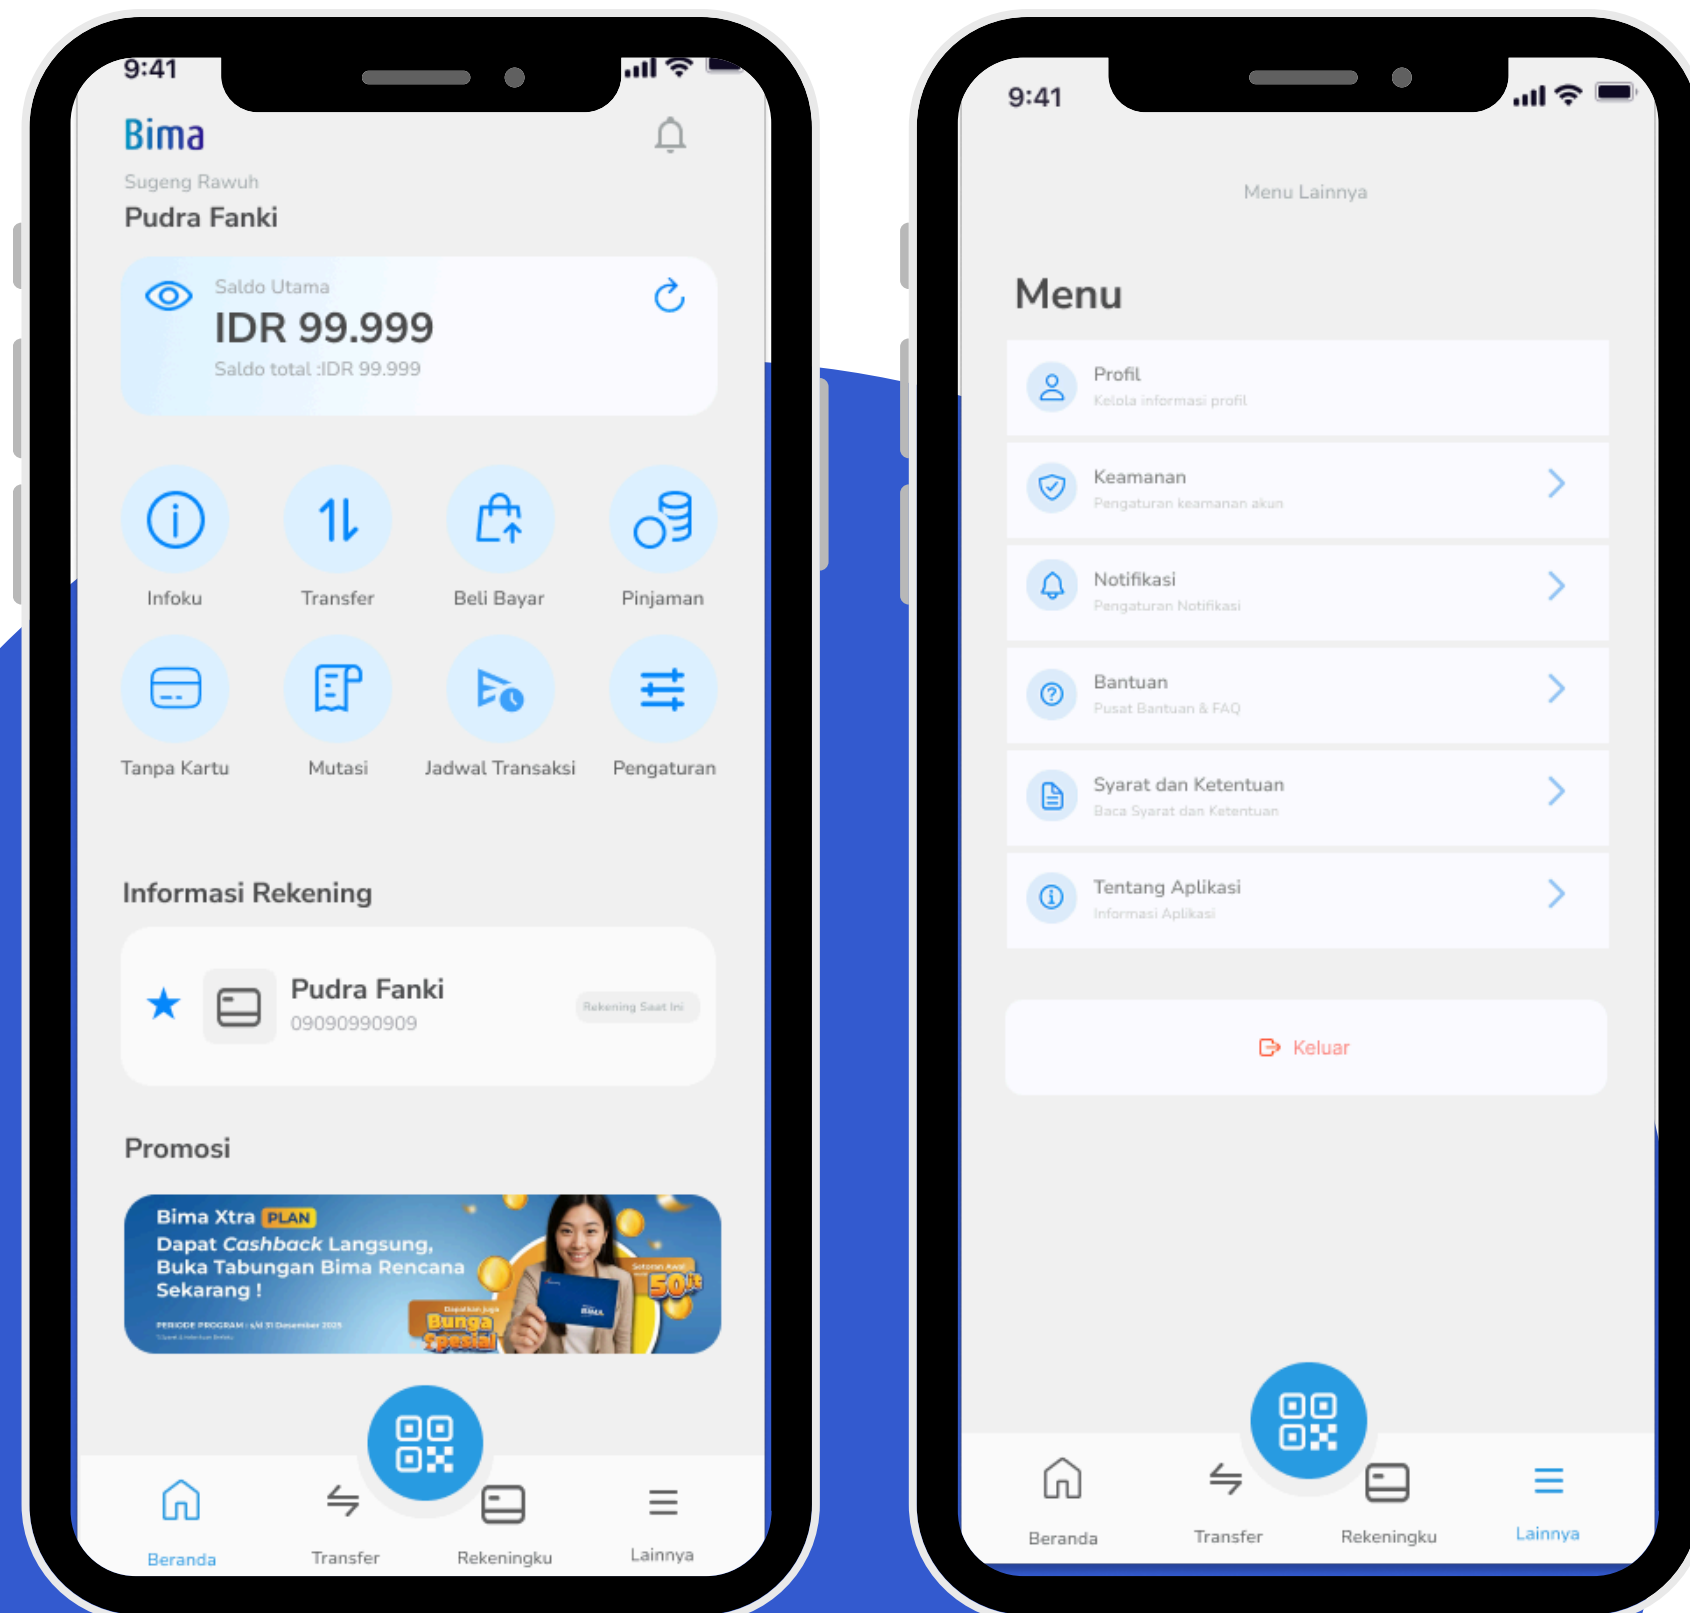

Modified Changes

Modified Changes

The login page currently features banners showcasing the newest products and services. Quick access buttons have been added for Cardless transactions, QRIS, and Transaction History
